Climate Change Action Plan Review

Visit Engage Bass Coast to have your say!

About the project - Help Shape our Climate Future

Bass Coast's community has been central to our Climate Change Action Plan and we want your input as we review progress. Share your feedback on climate action priorities, what's working for you, and what can Council can do better to support you. Achievements so far include 100% renewable power for operations, solar and battery resilience centres, fleet electrification, and community climate grants. Your voice will help guide the next phase of action.

Level of engagement: Consult

Who are we engaging with?

Shire wide consultation

Key stakeholders include:

- Community
- Bass Coast Climate Action Network
- Local Businesses
- Construction
- BCAL
- First Nations
- DECCA
- Sustainability Victoria
- Westernport Water
- South Gippsland Water

Where is the project

Shire wide

How are we engaging?

- Engage Bass Coast online feedback form
- Pop-up sessions
- Community Engagement Workshop
- Youth Focus Session
- Social media
- Media release
- Outreach Presentations
- Direct emails

How we will use your feedback

Your feedback will directly help to identify ideas and opportunities to transition to a more circular, net zero Bass Coast! Your feedback will help target efforts to reaching net zero by 2030

How to get involved

Visit Engage Bass Coast to have your say and find out more information

Survey Form - 15 minutes of your time

Your ideas matter, and we want to make sure your feedback helps shape the mid-term review of our Climate Change Action Plan. Whether you're already taking climate action at home or just starting to think about it! This survey will take around 15 minutes and is open until 31 October 2025.

The survey aims to assess our progress against community actions in the plan. We're keen to hear your views on community priorities, emerging opportunities, and how Council can best support local climate action. Together, we can cut emissions, build resilience, and ensure a fair transition for everyone.

Community pop-up Sessions

Come and say hello and chat to us in person! Details below for time, dates and locations of where we'll be across the shire over the next month!
