

Questionnaire

Batman Street, Surf Beach

Potential Road and Drainage Upgrade

The purpose of this questionnaire is to understand what you and your household need and want from the proposed road and drainage improvement project.

Please only fill out one survey per property. Indicate your preference by placing a tick in the appropriate box.

Please return this questionnaire by 30 June 2026

Before completing the questionnaire, we encourage you to read:

- Letter to property owners
- Frequently Asked Questions sheet
- 'How will our streetscape look?' information sheet
- Bass Coast Engage Website – www.engage.basscoast.vic.gov.au/batman

The results of this survey will be used to determine the preferred concept design. The final design and proposed costs would be presented to property owners to enable them to formally support or object to the project prior to the scheme being declared.

Question	Response		
1. Would you like road sealing included in the design?	Yes ☐	No ☐	Unsure ☐
2. If Batman Street was sealed, would you like the road width reduced from 6m to 5.4m? Please note the attached costings and designs are based on a 6m trafficable width. The final road widths will depend on the location of underground services.	Yes ☐	No ☐	Unsure ☐

The next set of questions will help us understand who has completed this survey.

As part of State legislation, all government authorities are now required to undertake gender impact assessments on all policies, programs and services.

Gender impact assessments are designed to help organisations think critically about meeting the different needs of women, men and gender diverse people.

The purpose of gender impact assessments is to create better and fairer outcomes, and make sure all people have equal access to opportunities and resources. More information about the need for gender impact assessments can be found on the following website:
